

United Nations Contingent Owned Equipment Training (UNCOE-T)

Aim

The aim of the training is to prepare each participant to apply relevant UN logistical policies within the United Nations Contingent Owned Equipment System, in the deployment, sustainment, and redeployment phase of an UN Peacekeeping Operation. After the training, each participant should be able to serve as:

- COE-subject-matter-expert in UNHQ/UN Mission HQ
- logistic officer in a national deployed UN unit
- logistic COE-officer within a national headquarters.

Performance / Learning objectives

The training is a residential practical and functional-oriented training and is built upon the participation in our three days online digital training. The training will focus on practical use of the main UN documents; Statement of Unit Requirement, the TPCC Guidelines for Formed Units and the COE Manual.

- Summarize the UN Contingent Owned Equipment system and reimbursement procedures.
- Implement UN Contingent Owned Equipment procedures in the preparations prior to and during the Memorandum of Understanding negotiation.
- Identify and implement UN Contingent Owned equipment procedures and produce recommendations in the planning and execution of logistical tasks or issues.

Target Audience

To be eligible to attend the training, nominees must fulfil the following criteria:

- Rank level: Lieutenant to Colonel (OF2-OF5), Senior NCOs (OR5-OR9), equivalent police levels, civilians or UN personnel at P2-P4 levels or equivalent FS and GS levels. In certain circumstances, exceptions can be made.
- Language Proficiency: Proficiency in oral and writ- ten English (equivalent to NATO STANAG 6001/3-2-3-2) No translation services are available.
- Required experience: Must have completed the NODEFIC online digital training to UNCOE Logistics.
