## **Course announcement for the Nordic Defence Cooperation (NORDEFCO) - Practical and Functional-oriented NATOLOG-T training; 8 -13 November 2021**

### **1 Background**

The activity within international peacekeeping operations requests a higher level of education and preparation of the officers who will take part in the operations. NORDEFCO has for many years hosted courses for staff officers, logistics officers, military observers and military police. These courses and trainings are part of the NORDEFCO training program.

Due to the corona virus, NODEFIC has the last 6 months only offered online digital training. Now, as the current situation in the world (covid-19) opens for safe travel within EU and States that are a part of the Agreement on the European Economic Area (EEA), we offer "normal" training in Oslo, Norway.

### **2 Discussion**

Norwegian Defence University College (NDUC) / Command and Staff College (CSC) / Norwegian Defence International Centre (NODEFIC) would like to take this opportunity to encourage qualified students to apply for the 2021 practical and functional-oriented NATOLOG-T training. The training will be conducted at Akershus Fortress in the centre of Oslo, Norway.

The Practical and functional-oriented training is built upon the participation in our three days online digital training. For those applicants that has not participated in our online digital training, need to apply separately for this training. The next NATO DTLOG three days online training is scheduled to 12-14 October 2021.

NODEFIC does not charge any Course Fee. Food and accommodation during the training are **100** euro per night. Travel expenses are to be paid by sending unit/nation. Please find the Course Description<sup>1</sup> indicating the details attached.

### 3 Conclusion

NODEFIC requests qualified students to be nominated for the UNCOE training. NODEFIC has an online application system. Please go to our website [www.nodefic.org](http://www.nodefic.org) and follow the link "Apply for courses". Application deadline: 27<sup>th</sup> of September 2021. Only online application will be considered.

Be aware that participation in our training requires confirmed seat from NODEFIC.

Confirmed course admission will be issued from NODEFIC no later than 4<sup>th</sup> of October 2021 to the individual participants.

**Be aware of the Corona restrictions in Norway.** Please study: <https://www.helsedirektoratet.no/english/corona>
